From the smallest particles of matter which is atom it performs a symbiotic relationship between proton and electron in order to exist. Destroy symbiotic relationship you destroy the entire universe. Symbiosis is the basic principle of life and existence.
2. **LAW OF CYCLES** – everything in the entire universe cycled for the purpose of multiplication, growth and development. From dust to water to air and gas cycled to maintain the perpetual motion of creation.
3. **LAW OF SPIRAL IN MOTION** – all creation moves in a spiral motion to speed up the multiplication, growth and development [process of creation. From your finger prints, your hair, skin pores up to our DNA moves in a spiral motion. The weather, planets and galaxies, trees, plants and animals moves in a spiral motion and no exemption.
4. **SPIRITUAL LAW OF GIVING** – the more you give, the more you received. Proven and true.

f) Iron – Formulation of hemoglobin, binding O₂ to RBC and transport, formulation of cytochrome myoglobin, regulation of body temperature, muscles activities, catecholamine metabolism, boost immune system, brain development and function and thyroid function {10mg/liter or 10 parts per million}.

g) Silica nourishes the skin.

1. Mineral water contains silicon dioxide, which is a substance found in mineral waters, as well as in springs used for bottling this type of water. There are many health benefits of silicon dioxide, but taking care of your skin is one of the big ones.

You can recognize silicon dioxide from the "silica" sachets, which are often found in bags, accessories, and some food containers to remove moisture. Even though you should never eat silicon dioxide, do not worry - it is completely safe to wash your face with mineral water that contains silicon dioxide.

2. Your body and skin will be well hydrated.

Of course, any type of water hydrates your skin, whether you use it only on your face or on your entire body. However, if you are looking for something to encourage your skin to be even stronger than ever, mineral water is the solution you should try. The more electrolytes present in the water, the more likely it is to hydrate your skin.

Using mineral water for your face every day is a sure way to solve the problem of dry and peeling skin to a large extent.

THESE ARE THE GENERAL BENEFITS OF MINERAL WATER. BUT WHY MANY OF THE PEOPLE DO NOT EXPERIENCE ALL THESE BENEFITS? SOME OF US MAY ONLY EXPERIENCED PERHAPS AT MINIMAL EFFECTS BUT ON A VERY SMALL PERCENTAGE LIKE 20% OR 30% POSSIBLY. WHY?

ONE REASON IS BECAUSE OUR BODY IS TOXIC AND ACIDIC THAT THE WATER MOLECULES CAN NO LONGER PENETRATE UP TO CELLULAR LEVEL. ANOTHER REASON IS THAT OUR STOMACH IS SO THICK WITH GARBAGE THAT THE WATER CAN NO LONGER PENETRATES THE WALLS OF OUR STOMACH AND 80% TO 70% OF THE WATER WE DRINK JUST PASSES THROUGH AND WE DISCHARGED WHEN WE URINATE.

THEN WHAT IS THE SOLUTION? OUR NEXT PRODUCT WILL BE THE ANSWER.

Note: Aquawealth King does not supports purified water from a reverse osmosis machines which is a common product of many water refilling station and it is dead water. We do not support distilled water since it is also dead water with zero minerals. We only support healthy and living water.
